The Inside Story

The 'inside story'. What is it? Is it the newly decorated 3 Floors of Fashion at Grover Cronin, Waltham? We could list all the changes and improvements, but that wouldn't do us any good. Only the customer can judge the final results. Only you can find out, firsthand, why Grover Cronin Waltham has been in business since 1885. That's a clue. We've been around so long because even when we re-decorate and re-design we never forget the customer. GROVER CRONIN, Waltham: since 1885 the 'inside story' has been you!

PUBLISHERS NOTE

This directory contains public information gathered by an actual door-to-door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO. presents to subscribers and the general public, this, the latest edition of the Newton Directory. (In all, R. L. POLK & CO. and its affiliated companies publish more than 1,300 different Directories).

Confidence in the growth of Newton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the area.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings, a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, and business and professional concerns is the second major department printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult residents, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, is the fourth major department printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference as perpetual and reliable advertisements.

The Newton Directory Library

Through the courtesy of the publishers of the Directory, a Directory Library is maintained in the offices of the Chamber Of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the Directory as an advertising medium, with assurance that it will bring a commensurate return.

A Few Historical Notes

As early as 1631, Newton was settled and fortified. In those days Newton consisted of a large tract of land with a dwelling here and there, a most modest settlement, but the foundation, nevertheless, upon which rests the beautiful progressive city of today. King's Handbook of Newton states "the domain northward of the Charles was acquired from the Indian queen, the squaw sachem, Nanepashemet's daughter, one of her prerequisites being a new coat each winter as long as she lived."

Newton was incorporated a town in 1688, being called New Cambridge until 1692; and when it outgrew town government by 1873, it was chartered a city in that year.

During the war with the Indians, the men of Newton left their homes and families and fought with the rest of the settlers. There is a stone in Nonantum, known as the Elliot Memorial, which bears this inscription: "Here at Nonantum, Oct. 28, 1624, in Waban's Wigwam near this spot, John Elliot began to preach the gospel to the Indians. Here he founded the first Christian community of Indians within the English colonies."

**Jackson Homestead (City Museum)
Washington St., Newton Corner**

During the period of the Revolutionary War, the men of Newton fought together with the other men of Massachusetts and shared the hardships that the crude army led by the great George Washington endured. There are many beautiful monuments and ancient landmarks, silent tributes to the men who so nobly answered the call to arms, from the early days when the settlers fought with the Indians through World War II.

Residential Quality

It is interesting to note just what Newton represents to residents in other parts of the country. With its beautiful long avenues, its long lanes leading into beautiful wide parks, its streams and hills, its lovely gardens and many attractive residences, Newton signifies elegance and beauty.

Population

The U. S. Census Bureau has established that the 1970 population of Newton is 91,194. The people who come to Newton yearly to make their homes are good citizens who soon blend into the social and civic life and share the pride of their neighbors in their city, which has become highly cosmopolitan.

City Administration

The administration of Newton's city government is in the hands of experienced executives, public-spirited citizens who seek to serve the best interests of the people manifested by the high standards of administration which the city has always maintained.

Newton has a police department of 300 employees, giving it protection at all hours of the day and night. The fire department with 259 permanent men is always ready to meet every emergency. Within recent years, entirely modern fire apparatus has been installed.

The Public Library

Another important factor which cannot be disassociated from the school room is the Newton Free Library. This was organized in Sept. 1869, and received the property of its sponsors, the Newton Library Association. In 1875, the stockholders of the association transferred the entire estate to the City of Newton. The location of the building is on Centre Street. The Newton Library contains 300,000 volumes and is continually adding to the collection. There are valuable reference books of all periods, as well as works of old and new fiction. There are also many beautiful and rare prints. There are now branch libraries in ten sections of Newton, the most recent one being that established in Oak Hill Park.

Church and Social Activities

Church influence is strong in Newton, many social and welfare activities also centering in the church congregations, of which there are forty-two in the city. The first church was organized in 1633.

There are over two hundred clubs and fraternal organizations in the city, including numerous Women's Club, Kiwanis, Lions and Rotary and church-related organizations.

Growth

History shows that the different parts of Newton have made rapid strides in development. In 1860, Nonantum Hill had only the Ricker family on its massive western shoulder. The greater part of it consisted of scrub oak, a lonely and desolate tract of land. Early in 1800 Newton Lower Falls was a tranquil little village with but ten resident families. A little later the village of Newton Highlands was not much more than a crossroad settlement in a region of farms. Nearby were shops of the blacksmith and wheelwright. But today, now it is a modern city busy with activities, commerce and social concerns.

The Inside Story

The 'inside story'. What is it? Is it the newly decorated 3 Floors of Fashion at Grover Cronin, Waltham? We could list all the changes and improvements, but that wouldn't do us any good. Only the customer can judge the final results. Only you can find out, firsthand, why Grover Cronin Waltham has been in business since 1885. That's a clue. We've been around so long because even when we re-decorate and re-design we never forget the customer. GROVER CRONIN, Waltham: since 1885 the 'inside story' has been you!

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling Polk Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service — of an indefinite nature — and questionable value — to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established Polk Directory publisher.

Before you invest, investigate!
